
Serious problem with pagination

Posted by cyclebiker - 2008/06/19 05:51

Ok so i click on one of my tags and then it takes to page as it should now if i try to navigate to page two three etc... it does not work

Example of page two url

<http://www.mysite.com/motorcycle/Page-2.html?Itemid=99999999&limit=20&limitstart=20&searchword=freestyle>

How do i fix this or is it a bug

Using newest beta version of this tag cloud with sh404sef plugin.

Brian

Hi!

Yes, it is a bug.

Download and install
Raf Cloud Component 2.0.1 patch

or update to
Raf Cloud Component 2.0.2 beta_1
